Wexoraa Infotech

Welcome to Wexoraa Infotech

We provide complete online solutions for your business. Websites, mobile apps, web apps, CRM, SaaS, ERP, graphic design, digital marketing, and sales leads – everything is handled in one place.

With 2 years of experience, we have successfully completed 25 websites and currently have 8 ongoing projects. We are also working on 2 mobile apps at the moment.

In digital marketing, we run Meta Ads and Google Ads, currently managing campaigns for 10 companies and delivering results. Along with that, we create posters, videos, and also handle video shoots and editing to give full creative support.

No matter what stage your business is in, our goal is to take it to the next level. Every project we do is 100% designed and developed by our own team.

Our pricing is flexible and depends on the scope and requirements of the work, ensuring you get the best value for your investment.

You can also take a look at our work and see the quality and results we deliver.

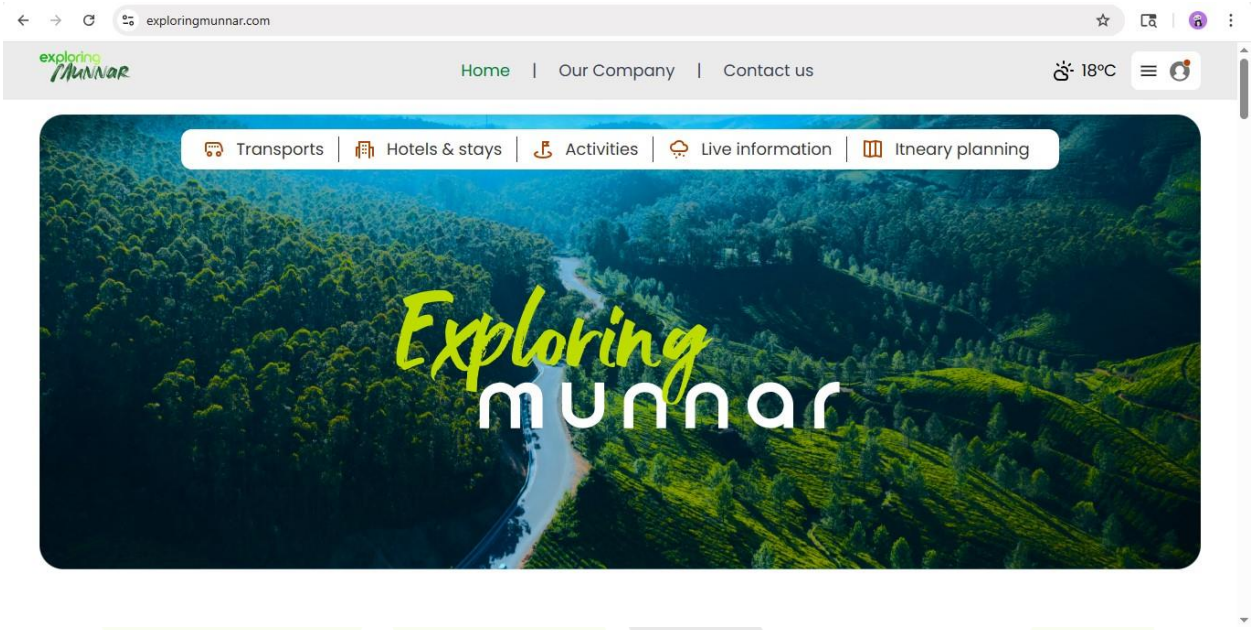

We give our best — you can trust us.

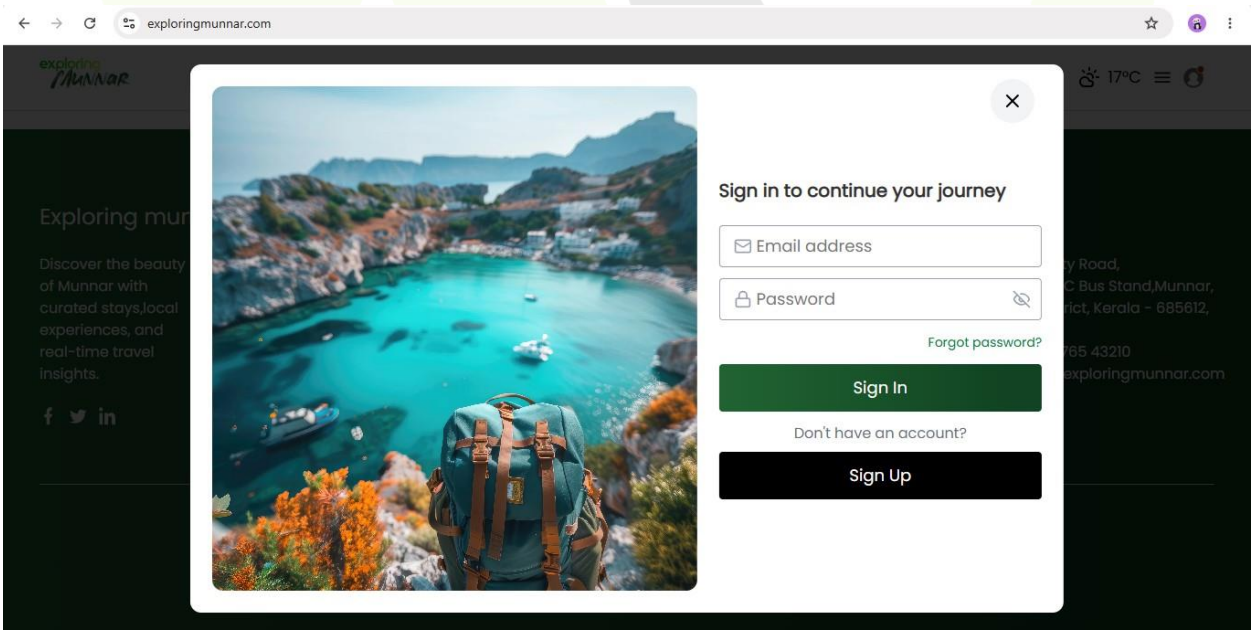

Our Website Projects
Here are some of the websites we have successfully developed:

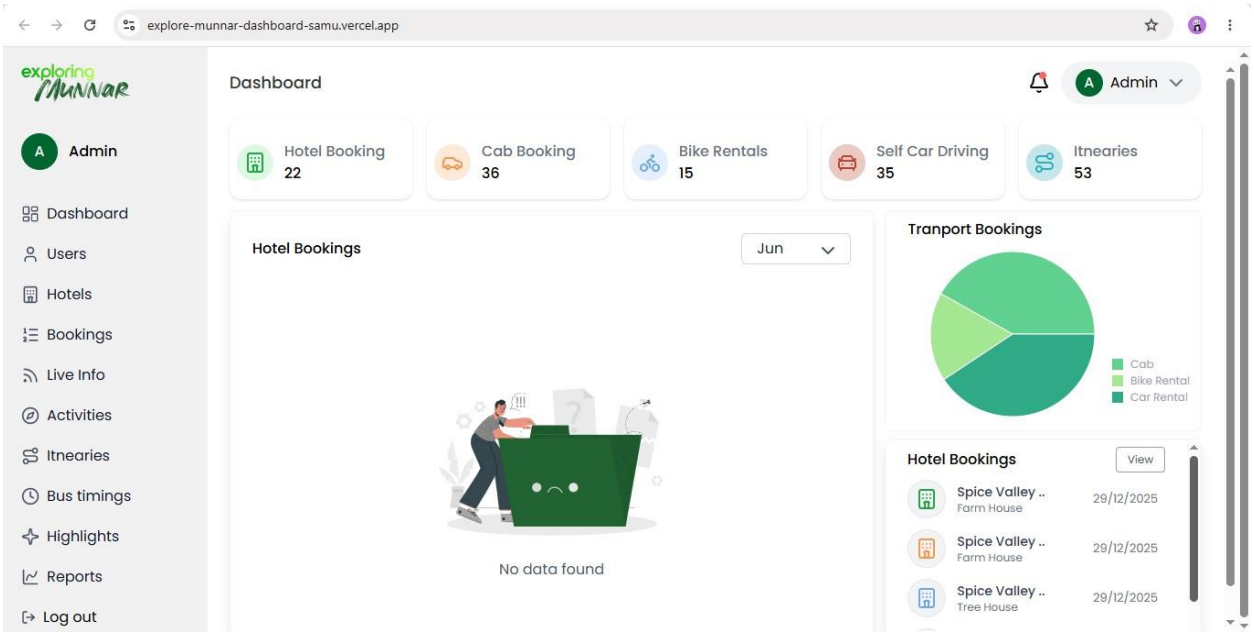

Exploring Munnar

👇

https://www.exploringmunnar.com/

A fully customized travel and tourism booking platform designed to help users discover and book the best experiences in Munnar. The website offers hotel reservations, cab bookings, bike rentals, self-drive car rentals, tour itineraries, local activities, and travel information through an intuitive user interface. It includes a comprehensive admin panel for managing users, hotels, bookings, activities, itineraries, transport schedules, reports, and live updates, ensuring seamless operations and an enhanced customer experience.

Admin Panel Features:

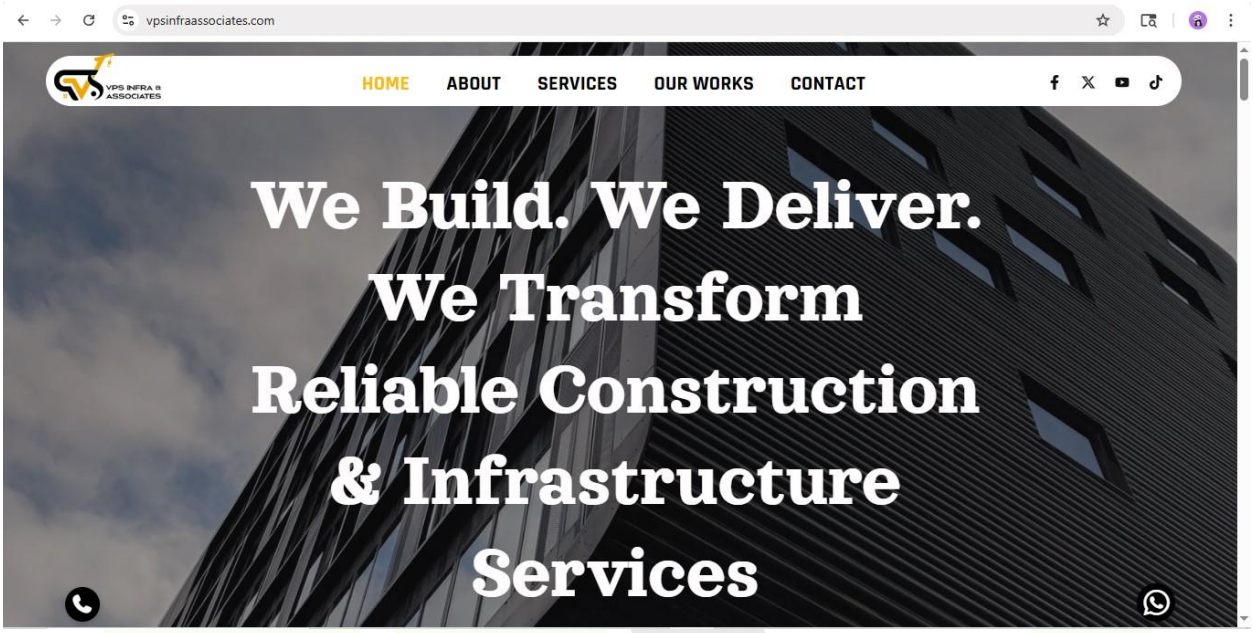

- Dashboard & Analytics
- User Management
- Hotel Management
- Booking Management
- Cab & Bike Rental Management
- Activities Management
- Itinerary Management
- Bus Timings Management
- Highlights & Live Information
- Reports & Analytics

- Secure Admin Login & Access Control

VPS Infra Associates

👇

https://vpsinfraassociates.com/

A fully customized corporate website developed for a construction and infrastructure company, designed to showcase its services, completed projects, and business profile with a modern, professional, and responsive interface.

Key Features:

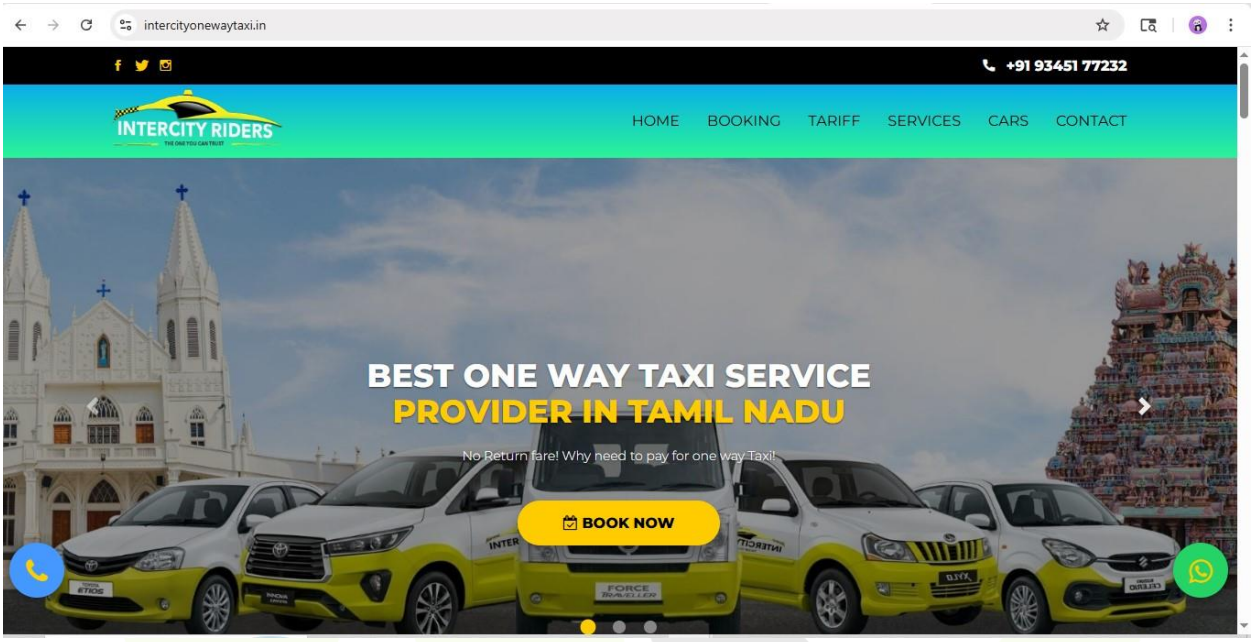

- Company Profile & About Us
- Construction & Infrastructure Service Listings
- Projects Portfolio Showcase
- Responsive & Mobile-Friendly Design
- Contact & Inquiry Form
- WhatsApp & Call Integration
- Gallery & Project Highlights
- SEO Optimized Website

- Fast Loading & Secure Performance
- User-Friendly Navigation

Intercity Riders

👇

https://intercityonewaytaxi.in/

A fully customized intercity taxi booking platform designed to provide seamless one-way, round-trip, and airport transfer services across Tamil Nadu. The website offers an intuitive booking experience, transparent pricing, responsive design, and quick inquiry options, ensuring a convenient and reliable travel experience for customers.

Key Features:

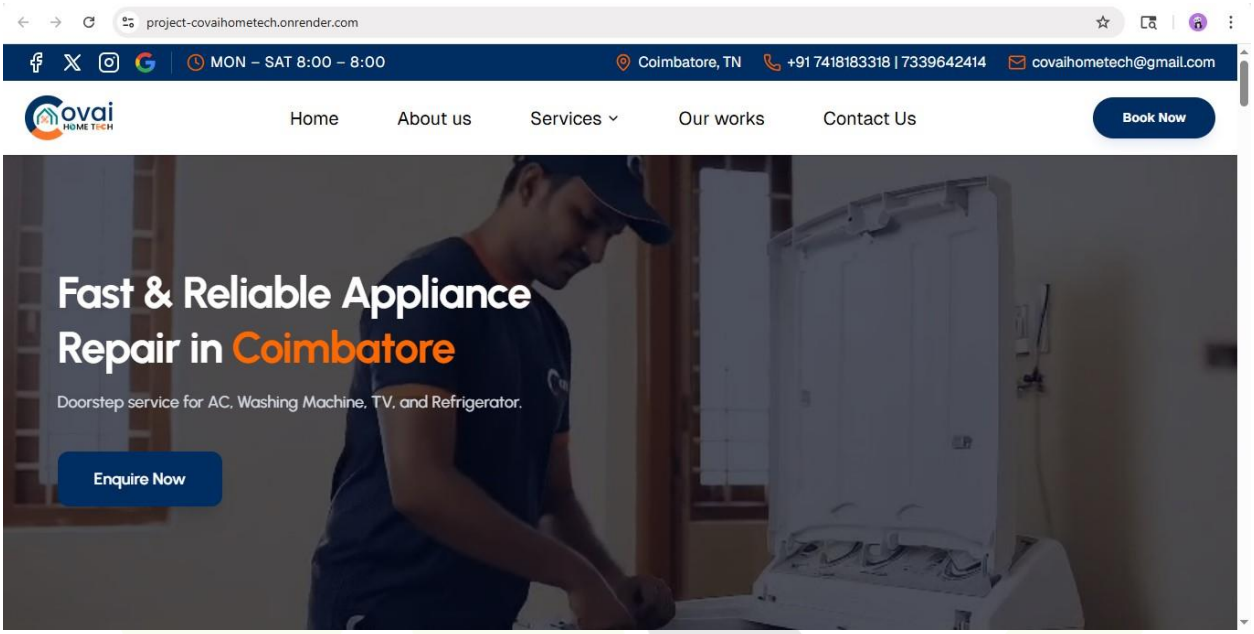

- One-Way & Round Trip Booking
- Airport Pickup & Drop
- Online Booking Form
- Transparent Pricing
- WhatsApp & Call Integration

- Route & Service Information
- SEO Optimized Website

Covai Home Tech

👇

https://covaihometech.in/

A fully customized service-based website developed for a home appliance repair company, offering AC, washing machine, refrigerator, and TV repair services. The website provides clear service information, quick contact options, online service inquiries, and a responsive user interface to enhance customer convenience.

Key Features:

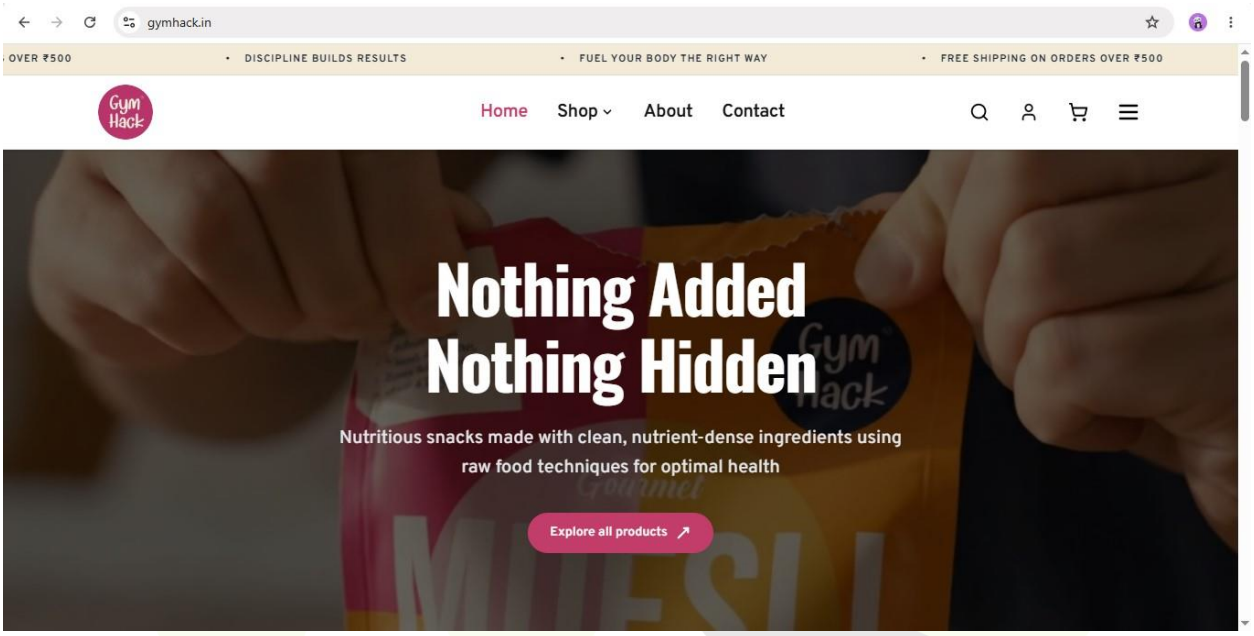

- Home Appliance Repair Services
- AC, Refrigerator, TV & Washing Machine Services
- Online Service Request Form
- WhatsApp & Call Integration
- Service Area Information

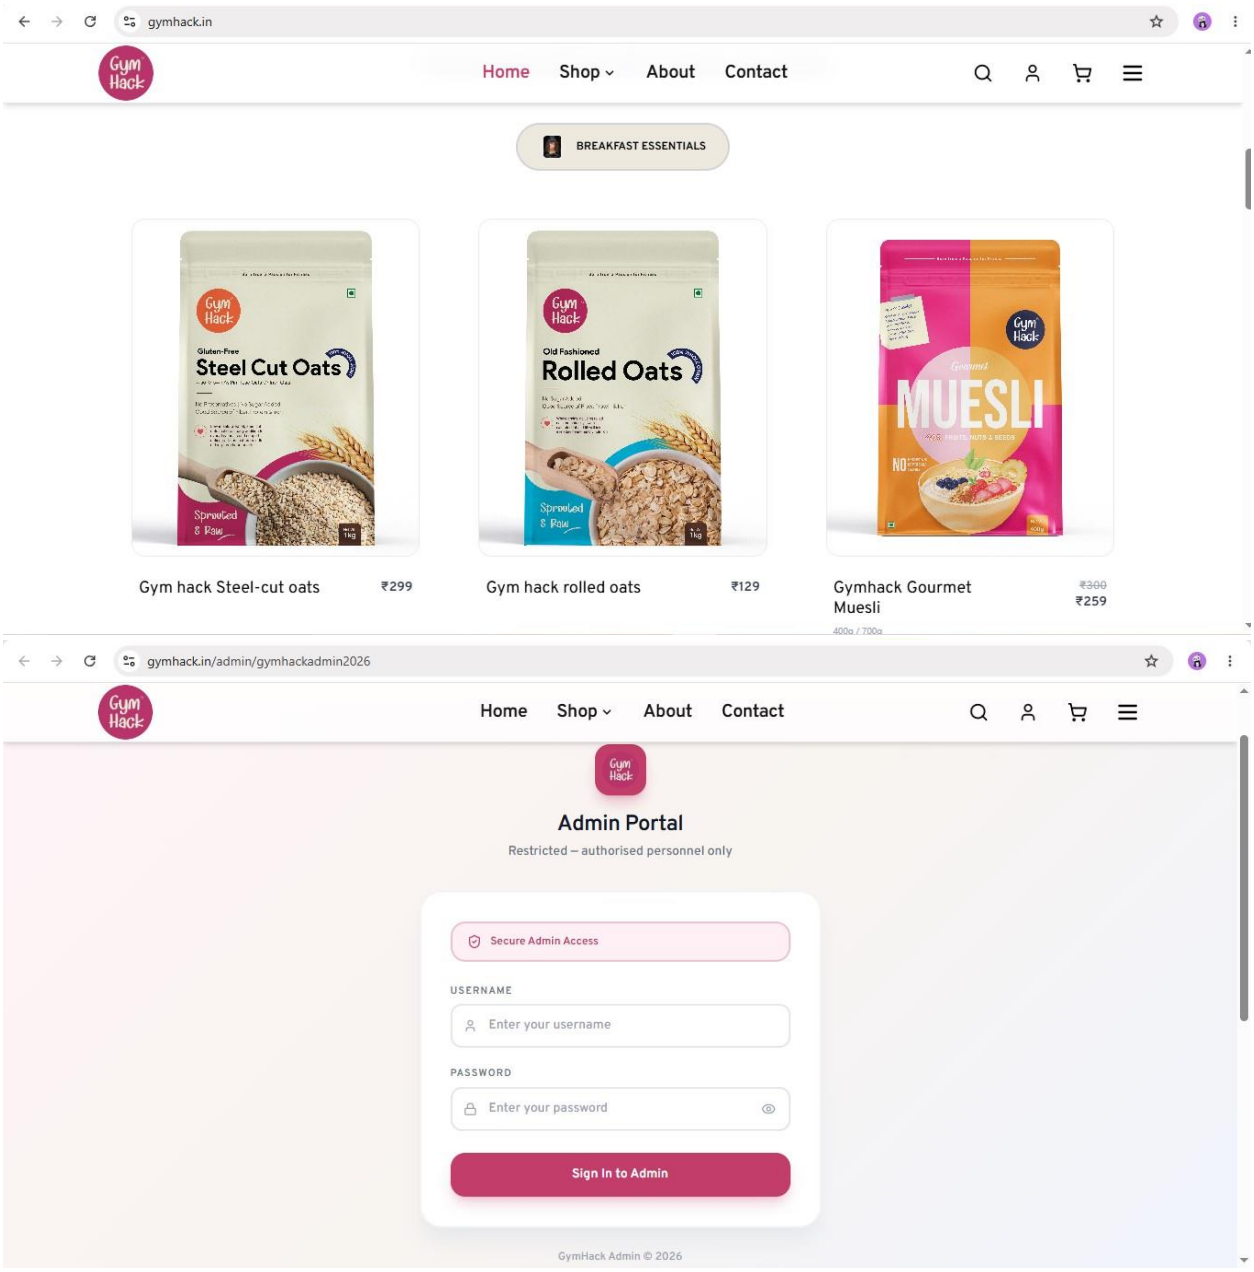

- Responsive Mobile-Friendly Design
- Contact & Inquiry Management
- SEO Optimized Website
- Fast & Secure Performance

Gym Hack

👇

https://gymhack.in/

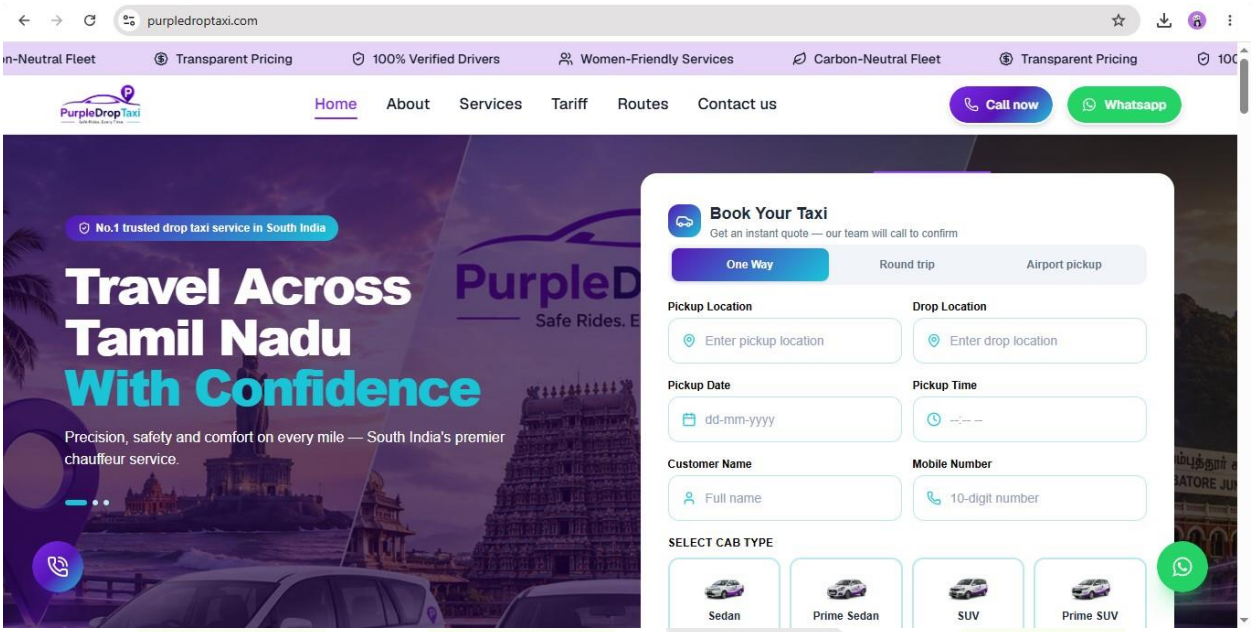

A fully customized product-based eCommerce website for GymHack, designed to showcase and sell premium fitness nutrition products such as oats and muesli. The website includes a powerful admin panel for easy product management, inventory updates, order tracking, customer management, and seamless online shopping, ensuring a smooth experience for both customers and administrators.

Integrated secure online payment system supporting multiple payment methods, enabling customers to complete purchases safely and conveniently with real-time payment confirmation and seamless checkout experience

Purple Drop Taxi

👇

https://purpledroptaxi.com/

A fully customized taxi booking website developed for Purple Drop Taxi, designed to provide a simple, reliable, and user-friendly travel booking experience across Tamil Nadu. The website allows customers to easily explore taxi services, check transparent pricing, select their preferred vehicle, and submit trip details through a convenient online booking system.

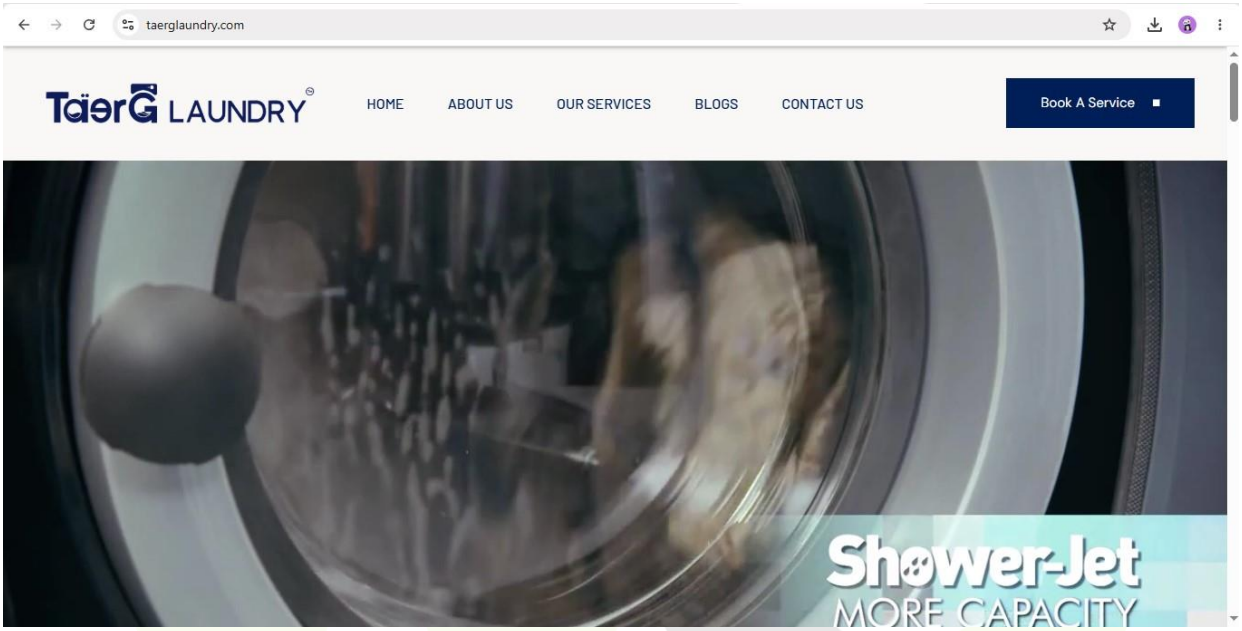

The platform supports multiple travel requirements including one-way trips, round trips, airport pickup and drop, and outstation travel. It is designed with a responsive and mobile-friendly interface, clear call and WhatsApp options, and an

easy-to-use booking form to help customers plan their journeys quickly and conveniently.

Taerg Laundry

👇

https://taerglaundry.com/

A fully customized premium laundry service website developed for TAERG Laundry, designed to provide customers with a simple and convenient way to access professional garment care services. The website showcases TAERG's specialized cleaning solutions for everyday clothing as well as premium garments such as silk sarees, blazers, lehengas, designer wear, uniforms, shoes, bags, and more.

The website features an easy-to-use service booking system, detailed service information, pickup and delivery options, and a responsive mobile-friendly interface. It also highlights TAERG's advanced SoftWash wet-cleaning technology, offering

gentle and professional care for delicate and premium fabrics while delivering a smooth digital experience from service discovery to booking.

These projects reflect our capability in building modern, user-friendly, and business-focused websites to different industries and client needs.

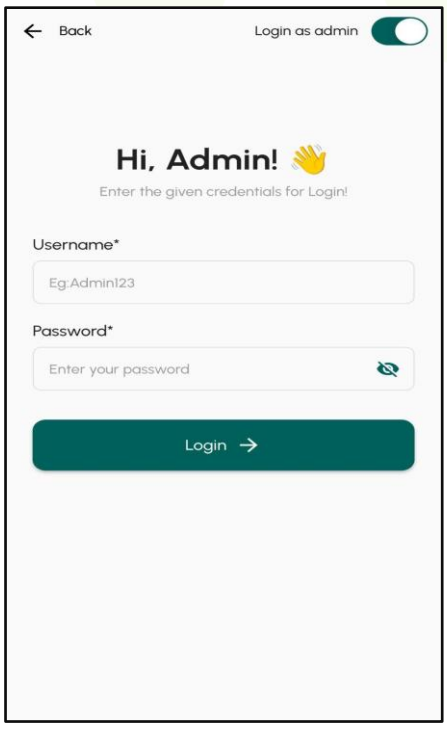

We are also currently working on 8 website projects that are in the development stage.

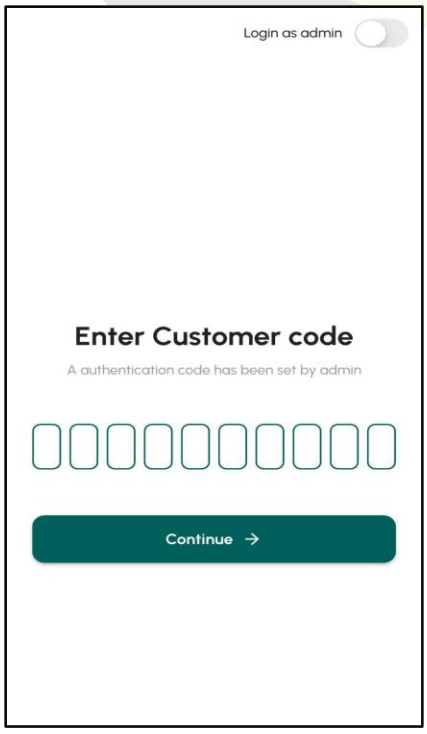

Mobile App Development

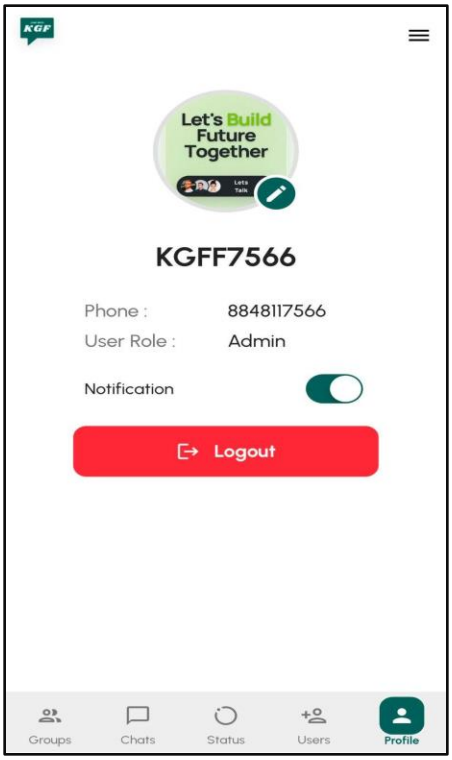

We also specialize in developing high-quality mobile applications tailored to business needs. Our focus is on creating user-friendly, performance-driven, and scalable mobile apps.

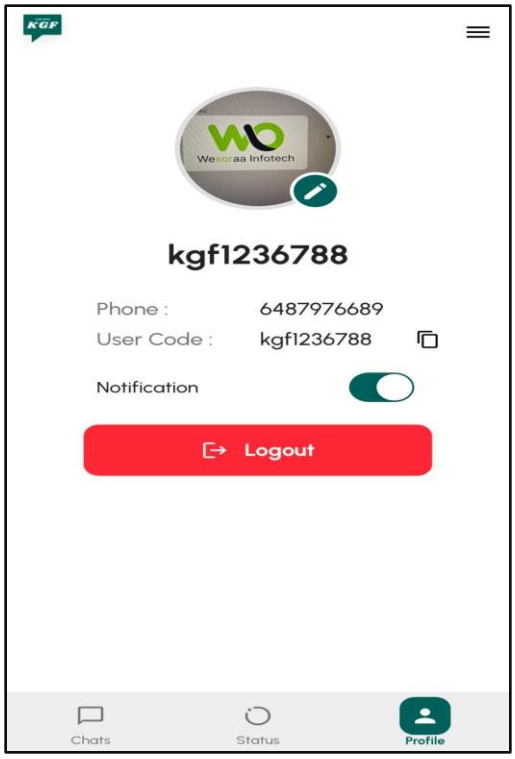

We have successfully completed 1 mobile application and currently have 2 mobile apps under development, designed to deliver seamless user experience and real-time functionality.

Chat Application- Mobile App

Fully customized MVP Chat Application with both Admin and User-side functionalities, ensuring a complete and fully functional system.

From idea to execution, we ensure every mobile app is built with precision, innovation, and aligned with the client's goals.

Fully customized real-time chat application developed for secure and seamless business communication. The application enables instant messaging, group conversations, media sharing, notifications, and user management through a modern, responsive, and performance-driven mobile interface. It is designed to deliver a fast, reliable, and user-friendly communication experience.

Features:

- Real-Time One-to-One Chat
- Group Chat & Admin Management
- Image, Video & Document Sharing
- Push Notifications
- User Authentication & Secure Login

- User Profile Management
- Active & Inactive Status
- Search & Contact Management
- Responsive Mobile UI/UX
- Fast, Secure & Scalable Architecture

Social Media & Creative Works

We create engaging and visually appealing social media content to help businesses build a strong online presence.

Our services include designing creative posters, promotional banners, and high-quality video content tailored for different platforms. We also handle complete video production, including shooting and professional editing.

From brand awareness to lead generation, our content is designed to attract attention, engage the audience, and deliver results.

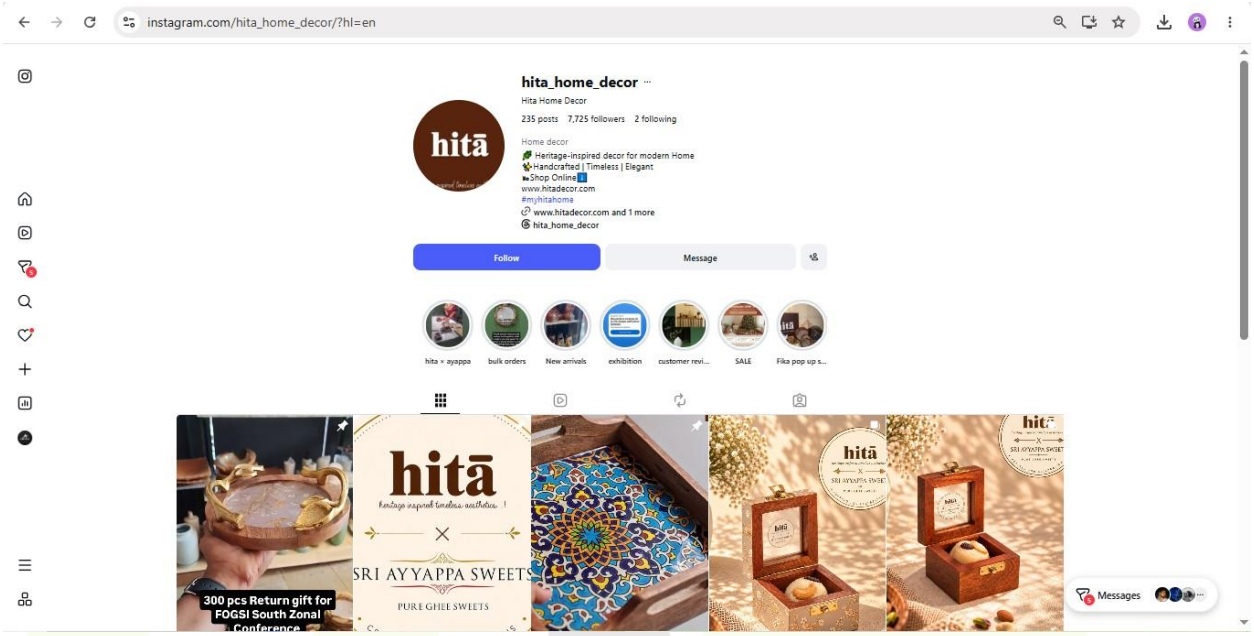

All creatives are fully customized based on client requirements

Digital Marketing & Advertising

We provide result-driven digital marketing services to help businesses grow their online presence and generate quality leads.

Our expertise includes running high-performing advertising campaigns on platforms like Google Ads and Meta Ads (Facebook & Instagram).

Currently, we are managing ad campaigns for 5+ companies, focusing on increasing reach, engagement, and conversions through strategic targeting and optimization.

Our approach includes audience research, creative ad design, campaign setup, performance tracking, and continuous improvement to achieve the best results.

Below are some of our ad creatives and campaign results.

From brand awareness to lead generation, we ensure your business reaches the right audience at the right time.

All campaigns and creatives are fully customized based on client requirements.

We also handle social media growth on platforms like Instagram and Facebook, focusing on increasing views, followers, and reach through organic strategies and trending content, while boosting engagement and building a strong brand presence.

Social Media Performance

Our content strategy has delivered strong results in terms of views and reach across Instagram.

Within a short period, our posts have achieved views ranging from a few hundred to over 30,000+ per video, demonstrating high audience engagement and content performance.

Consistent posting, trending content, and optimized creatives have helped increase visibility, reach, and brand awareness for the business.

These results highlight our ability to create engaging social media content that drives organic growth and attracts potential customers

Highlight:
30K+ views → Organic Reach
Daily series (Day 1–10) → consistency

Meta Ads
Here Are the Results

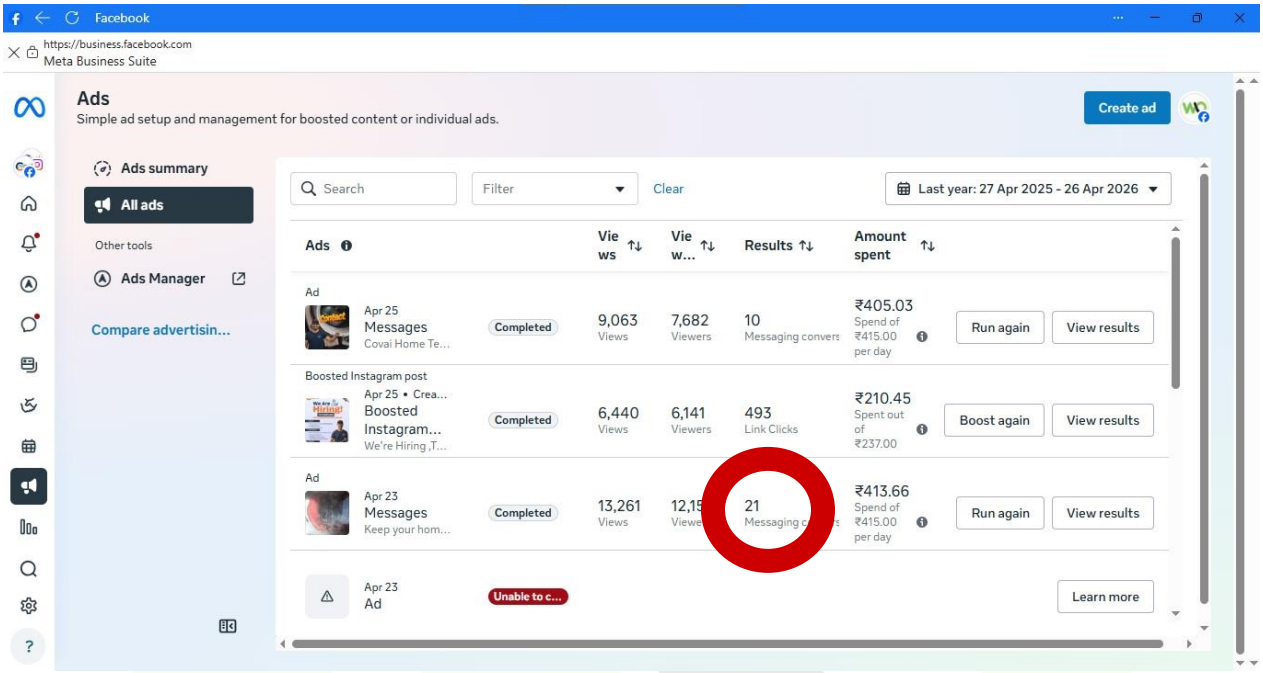

Take a look at some of the results achieved through our digital marketing campaigns, including reach, engagement, and lead generation.

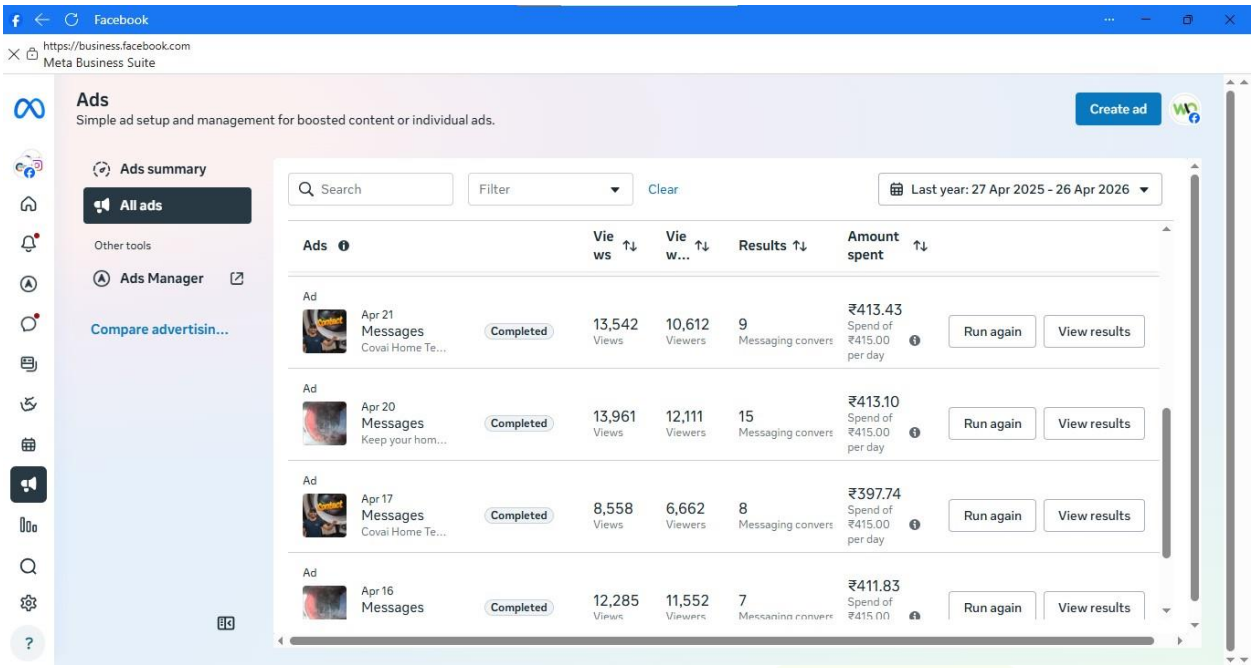

Our strategies are focused on delivering measurable growth and real business impact for our clients.

Recent Ad Campaign Results

Here are some of the recent results from our Meta Ads campaigns, showcasing performance in terms of reach, engagement, and lead generation.

Our campaigns have generated consistent views ranging from 8,000 to 13,000+ per ad, with strong audience engagement and multiple messaging conversions.

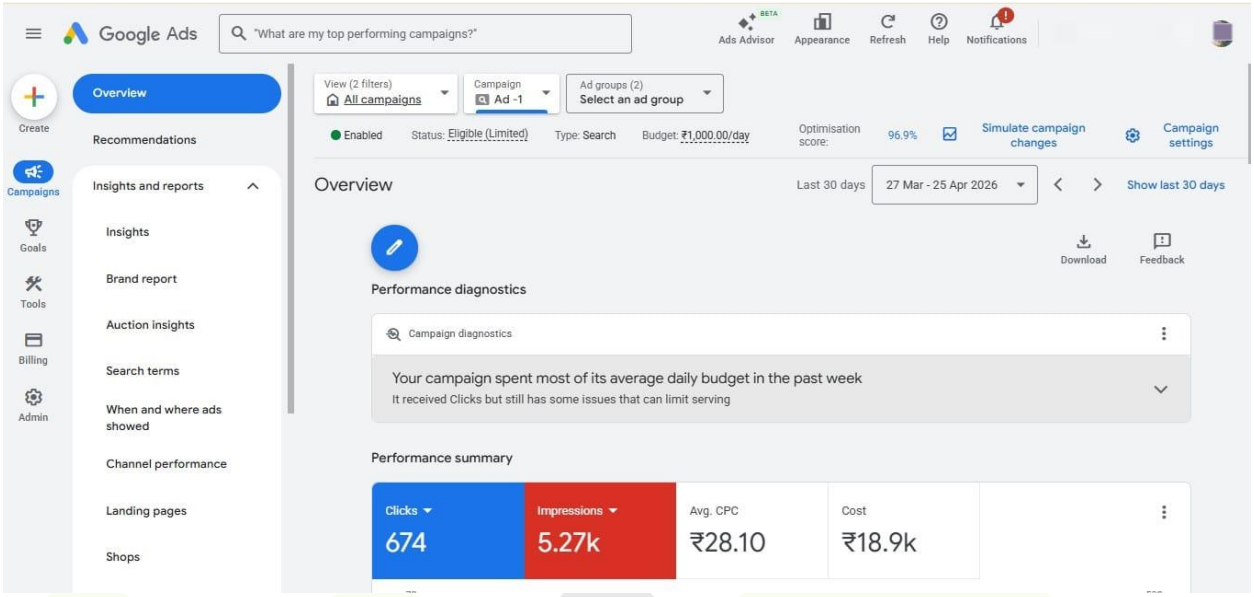

We have successfully achieved up to 21+ messaging leads from a single campaign, while maintaining a cost-effective budget of approximately ₹400 per campaign.

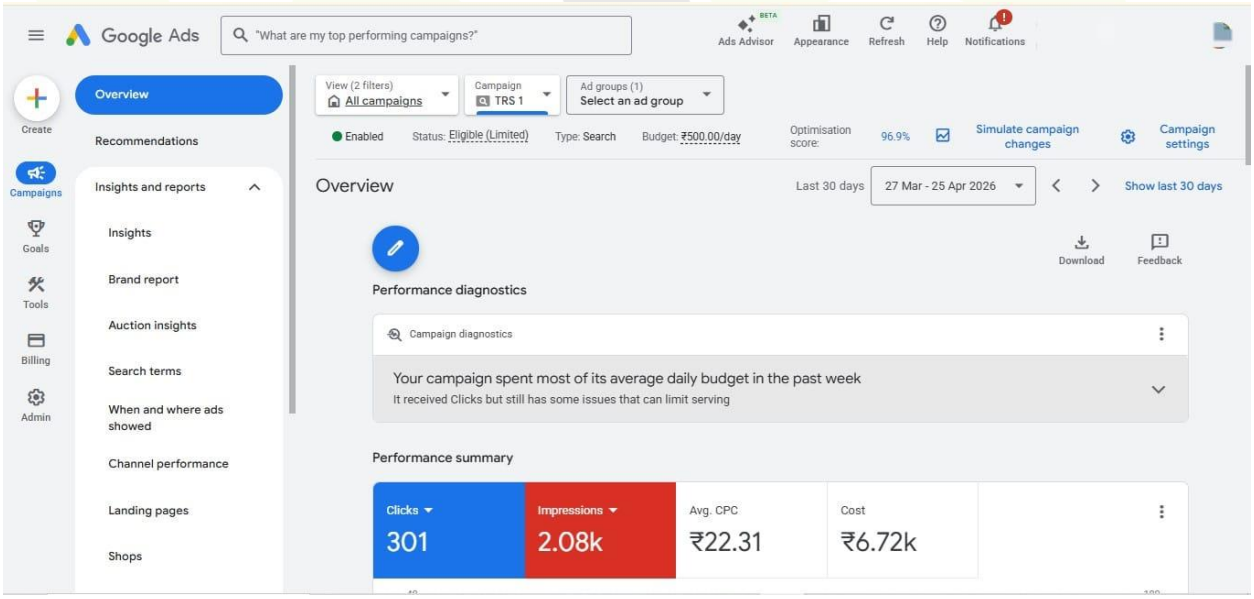

In addition, our boosted Instagram campaigns have delivered high engagement, including 400+ link clicks, helping businesses attract potential customers and increase inquiries.

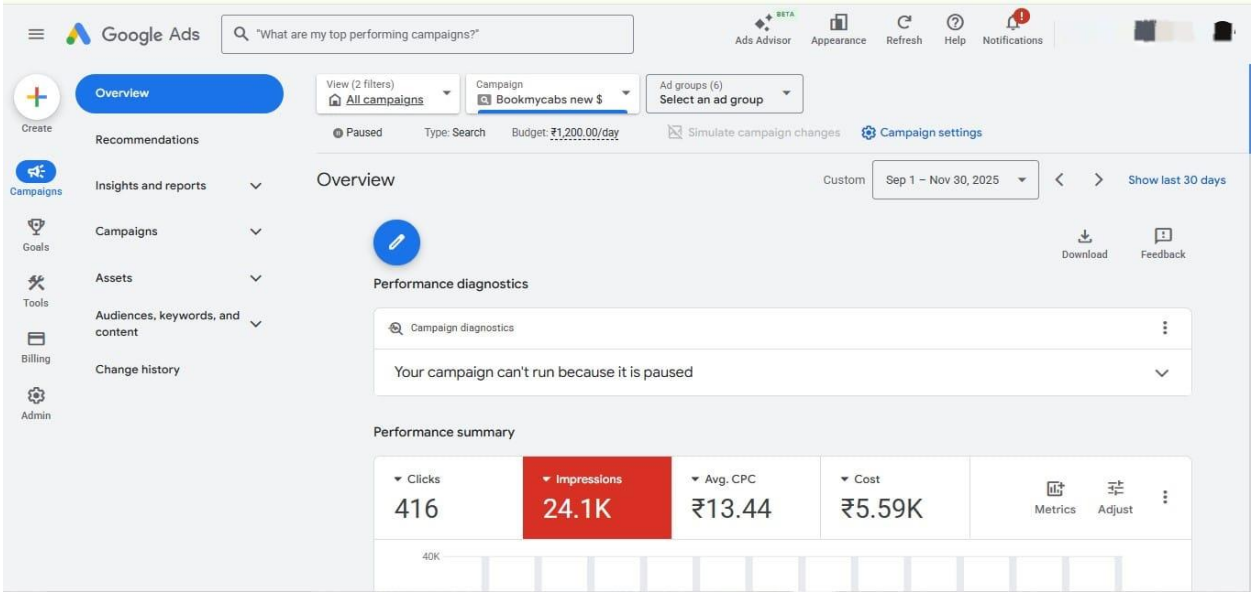

These results reflect our ability to create effective ad strategies, optimize performance, and deliver measurable outcomes for our clients.

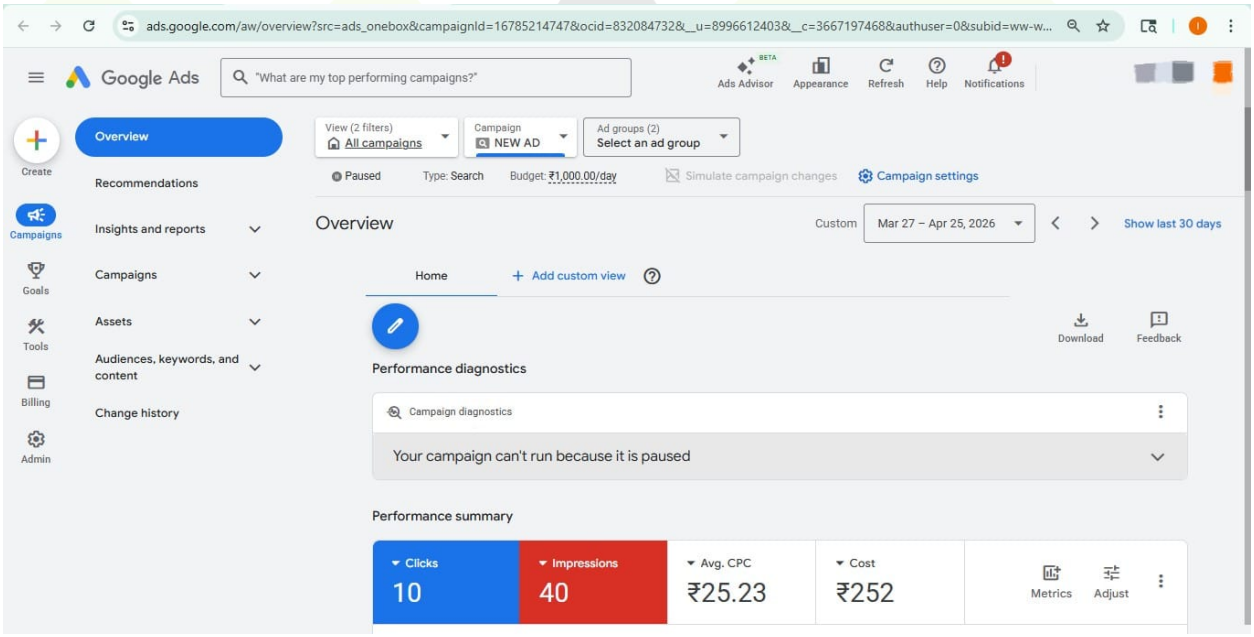

These results demonstrate our ability to optimize campaigns for different goals such as website traffic, calls, and direct messaging, depending on business needs.

Google Ads Campaign Results

Here are some of the results from our Google Ads campaigns for Intercity Riders and Purpledroptaxi, highlighting performance in terms of clicks, impressions, and cost efficiency.

Our campaigns have generated up to 674+ clicks and 5,000+ impressions within a short period, ensuring strong visibility and traffic for the business.

We have also achieved 300+ clicks with over 2,000 impressions in another campaign, maintaining an average cost per click (CPC) as low as ₹22–₹28, delivering cost-effective performance.

In addition, one of our campaigns reached 24,000+ impressions with 400+ clicks at a very low CPC of ₹13.44, showing strong reach and optimized targeting.

Even with different budget levels, we consistently deliver measurable results including website traffic, customer inquiries, and brand visibility.

These results demonstrate our expertise in keyword targeting, campaign optimization, and performance-driven advertising strategies through Google Ads.

Our Services & Results

We deliver complete digital solutions along with proven results to help businesses grow effectively.

Our services include website development, e-commerce websites, mobile applications, CRM software, SaaS products, and ERP systems. We also provide graphic design services such as posters, videos, reels, ad creatives, menu cards, flyers, business cards, invitation designs, and social media posts.

In digital marketing, we specialize in SEO, Google ranking, Meta Ads, Google Ads, and affiliate marketing to drive traffic, generate leads, and increase business visibility.

No matter your budget, we provide the best possible solutions tailored to your requirements. Our goal is to take your business to the next level with result-driven strategies and high-quality work.

Give us an opportunity — we will deliver our best and help your business grow.

Thank you for taking the time to go through our portfolio.

We have many more works that are not included in this list, and several projects are currently ongoing. We continue to expand our portfolio with new and exciting projects across different industries.

We look forward to working with you and being a part of your business growth.
